

HB 227 -- PSYCHOLOGY INTERJURISDICTIONAL (Hubrecht)

COMMITTEE OF ORIGIN: Standing Committee on Professional
Registration and Licensing

With this bill Missouri would enter into the psychology interjurisdictional compact. This compact is intended to regulate the day to day practice of psychology across states lines. Under the compact a psychologist can treat a patient across state lines using telecommunication technologies. A psychologist can also cross state lines and treat a patient in person for up to 30 days in a year but only if he or she has first initiated contact with the patient via telecommunications technologies.
